

### Item description

The disc pump sits at the vanguard of lotion/gel dispensing technology. Compact, affordable, highly chemical resistant and dependable, the disc pump is great turnkey solution for securing your position in the lotion/gel market.

The disc pump with spray valve (featured here), produces a pleasantly fine mist when combined with low viscosity sanitizers.

### Features & Benefits

- Pleasantly fine mist output
- Economical alternative to foam sanitizers
- Highly chemical resistant construction
- Compatible with 1,000ml and 2,000ml Disc Dispensers as well as the new 1,200ml Disc X Dispenser
